

Standard Cable Ties - These all-purpose cable ties are designed to bundle and secure wires, cables, hoses and more. Made of PA66 material, standard cable ties are available in 18 to 50 pound tensile strengths, in a variety of lengths and colors.

Item	Item Number		
<input type="checkbox"/>		High Temp Tie, 8" Long, 50lb Tensile Strength, PA66HS, Black, 1000/pkg Polyamide 6.6 heat stabilized (PA66HS) Black (BK)	T50R0HSM4 111-04901
<input type="checkbox"/>		Standard Cable Tie, 8" Long, 50lb Tensile Strength, PA66, Black, 100/pkg Polyamide 6.6 (PA66) Black (BK)	T50R0C2 111-04878
<input type="checkbox"/>		Standard Cable Tie, 4" Long, 18lb Tensile Strength, PA66, Natural, 1000/pkg Polyamide 6.6 (PA66) Natural (NA)	T18R9M4 111-01872
<input type="checkbox"/>		Standard Cable Tie, 8" Long, 50lb Tensile Strength, PA66, Black, 1000/pkg Polyamide 6.6 (PA66) Black (BK)	T50R0M4 111-04846
<input type="checkbox"/>		Standard Cable Tie, 15.35" Long, 50lb Tensile Strength, PA66, Black, 1000/pkg Polyamide 6.6 (PA66)	T50L0M4 111-00504

		Black (BK)	
<input type="checkbox"/>		<p>High Temp Cable Tie, 5.8" Long, 30lb Tensile Strength, PA66HS, Black, 1000/pkg</p> <p>Polyamide 6.6 heat stabilized (PA66HS)</p> <p>Black (BK)</p>	<p>T30R0HSM4 111-03068</p>
<input type="checkbox"/>		<p>Standard Cable Tie, 12" Long, 50lb Tensile Strength, PA66, Black, 1000/pkg</p> <p>Polyamide 6.6 (PA66)</p> <p>Black (BK)</p>	<p>T50I0M4 111-05216</p>
<input type="checkbox"/>		<p>Standard Cable Tie, 8" Long, 50lb Tensile Strength, PA66, Natural, 1000/pkg</p> <p>Polyamide 6.6 (PA66)</p> <p>Natural (NA)</p>	<p>T50R9M4 111-04862</p>
<input type="checkbox"/>		<p>Standard Cable Tie, 8" Long, 18lb Tensile Strength, PA66, Natural, 1000/pkg</p> <p>Polyamide 6.6 (PA66)</p> <p>Natural (NA)</p>	<p>T18L9M4 111-02026</p>
<input type="checkbox"/>		<p>Standard Cable Tie, 5.8" Long, 30lb Tensile Strength, PA66, Natural, 1000/pkg</p> <p>Polyamide 6.6 (PA66)</p> <p>Natural (NA)</p>	

Other ties available include:

Standard Cable Ties - Special Materials - These cable ties are made in specialty polymer materials for applications in extreme environments. Available materials include heat resistant, UV stable and chemical resistant polymers with varying levels of humidity tolerance.

Heavy Duty Cable Ties - Available in 120 to 250 pound tensile strengths, heavy duty cable ties are available in longer lengths for securing larger bundles.

Wide Strap Cable Ties - These ties have a wide-yet-flexible strap that conforms to bundles to minimize pinching. Available in 120 pound tensile strength, in lengths for securing a variety of bundle sizes.

Outside Serrated Cable Ties - Outside serrated ties are designed to minimize abrasion on sensitive wires, cables and hoses.

Open Head Q Ties - Q Ties feature an open head and unique tail design to allow quick and easy application. Use with Q Mounts and Q Tags for a complete cable management system.

Releasable Cable Ties - Releasable cable ties are designed for easy removal and reuse.

Clamp Ties - Clamp ties feature a unique head design that provides an even, consistent compression around soft rubber hoses including fuel, water and air vacuum lines.

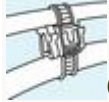

Double Head Cable Ties - These ties create two loops to allow separation and harnessing of two wire, cable or hose bundles. The tie's second loop maybe secured around a fixed object to secure the bundle without the need for additional fasteners.

Identification Cable Ties - Identification cable ties feature an integrated labeling area for pre-printed or manual write-on labeling.

Stainless Steel Cable Ties - Stainless steel cable ties provide maximum tensile strength and excellent heat, chemical and corrosion resistance for securing wire, cable and hose bundles in extreme environments.

Cable Ties - Special Function

HellermannTyton offers a variety of cable ties with unique features for use in specialized applications.

Cable Ties for Automatic Tools Available in 18 to 50 pound tensile strengths, these cable ties and closures come packaged in bandoliers and reels for use with HellermannTyton automatic cable tie fastening tools.

Hook and Loop Grip Ties

Grip Ties are made with soft, flexible materials and a releasable hook and loop closure that is ideal for applications requiring repetitive access to cable and wire.
